Represented **GoDaddy.com** in an antitrust lawsuit filed by Entri, a tech company that developed a product called Entri Connect, which Entri claims can automate the process of configuring a website's DNS settings to connect with various third-party applications, such as Mailchimp or Square. Entri alleged that, starting in 2023, GoDaddy forbade and technically disabled use of Entri Connect (and similar products) in connection with domain names registered by GoDaddy in violation of the antitrust laws, and it also asserted that GoDaddy tortiously interfered with Entri's existing and prospective business relationships by prohibiting use of Entri Connect. GoDaddy disputed Entri's allegations and filed counterclaims. The parties settled with neither party paying any money. (See “GoDaddy Escapes Antitrust Litigation After Competitor Drops Case,” [\*Bloomberg\*](#)).

Won a complete arbitration trial victory on all claims and counterclaims for a **prominent Napa winery and its majority owner** against the winery's founder, former CEO, and minority owner in a case alleging fraud, breach of fiduciary duty, and other claims.
